212 Evangeline Dr.
Mandeville, LA 70468

8/29/96

Dear Dr. Turner,

You'll be welcome 9/21. It is easy to get here from D.C. If you let me know where you are beginning in DC I'll tell you the best way. If not, it is to take the beltway, I495, to I270 and take it to Frederick. If you begin where you'll be getting on I495 at River Road or in Virginia, stay to the left because the two left lanes feed you automatically into I270.

That road loses that identification at the first Frederick exit but it continues first as US 15N and then as US 40N. 40N leaves at W. Patrick St., as you should, staying to the right as soon as you get onto Patrick. At that "Holiday Inn, the second one you'll have seen, turn right. Go less than a mile to the all-way stop at Shookstown Road. Turn left there for about two miles, until you are going up the mountain and are in the village of Shookstown. After about 4 or 5 city blocks in distance you'll see Old Receiver Road on the right. We are about two city blocks from Shookstown Road on it. You'll have come to a poorly-marked fork on Old Receiver. It there veers to the left. Then, on the right, first a small white frame house, then a red brick one with a large carport and a TV mast, then a patch of woods. They are our woods. Turn in the paved lane with out mailbox at the end and go through the carport to the kitchen door.

We do not have Case Open but your bookstore can get it for you. We have all the books we published. The list is enclosed.

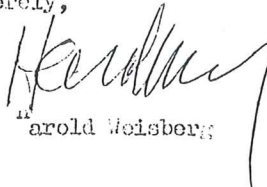

I keep convoluted hours to cope with two medical problems. I retire at or by 5 p.m. and I'm up anytime beginning 1 a.m. Turns out that is the best time of the day for work. I'm 83 now and rather feeble but I take what time I can for others.

"ospitalized twice earlier this year for congestive heart failure and more.

I spent a little time in your area in 1963 but I'd probably not recognize anything there now.

Sorry my typing cannot be any better.

Sincerely,

Harold Weisberg
